

To whom it may concern,
I'm writing to express my disapproval of any effort to limit my XM service. I drive an over-the-road truck and can use all the help possible to stay in touch and informed. I need and use all avenues of access to the news, weather and traffic conditions. Finding a useful local station is often difficult and "XM Instant Traffic and Weather" is very useful and much needed. Please do nothing that would jeopardize this service. Reject NAB petition 04-160.

Respectfully,

Gary E. Peterson
